Guidelines and Procedures

The City of Bee Cave accepts applications from organizations wishing to receive financial support through the Local Hotel Occupancy Tax (HOT) revenue collected.

- 1) The City Council serves as the Hotel Occupancy Tax (HOT) Committee and convenes on an as-need basis but no less than quarterly intervals. The HOT Committee will typically convene prior to regular City Council meetings which are generally scheduled on the 2nd and 4th Tuesdays of each month.
- 2) To be considered for funding, applicants must complete an application including all required attachments. Digital applications may be submitted to the City Manager via e-mail; contact information is made available on the City's website www.beecavetexas.gov.
- 3) If your application is included on the HOT Committee agenda as posted, you will have the opportunity to provide a presentation to the Committee during their public meeting.
- 4) The City Manager or designee of the City of Bee Cave will review the application for completeness.
- 5) Each applicant will be notified of an award following approval by the HOT Committee at which time one-half of the approved funding may then be requested by the organizer.
- 6) A post-event report is required in order to receive final payment. Once the event is complete, receipts that reflect actual expenditures must be submitted. City Manager or designee of the City of Bee Cave will review the post-event report for completeness.
- 7) The remaining one-half of approved funding amount may then be distributed to the applicant. Unspent funds or unapproved expenditures will not be paid. The applicant may be asked to provide additional documentation prior to receiving a final funding payment. Failure to request funds prior to the end of the fiscal year (September 30th) for which they were granted may result in forfeiture.

Rules Governing the Hotel Occupancy Tax Application

The applicant must present evidence the event will increase overnight stays in the City of Bee Cave that are consistent with the amount of HOT revenues requested.

An example: the event takes place over several days; a portion of the participants travel more than 100 miles and stay in lodging located in the City of Bee Cave.

- 1) Funding requests of hotel occupancy tax revenues may statutorily be used only for the promotion of tourism. Expenditure of funds for unauthorized purposes may result in recapture and/or adversely impact future requests.
- 2) The applicant must ensure that www.beecavetexas.gov is listed as a source for the City of Bee Cave on any and all promotional information you provide to registrant and/or vendor/event attendees, including event websites. Also all Bee Cave hotels must be advised of the event in advance, have access to mailing lists including sufficient time to participate in the bidding for both primary bookings and overflow.
- 3) Future applications should include information collected from the post event report to facilitate requests for new funding.

Thank you for promoting tourism and the hotel industry in Bee Cave through the utilization of Hotel Occupancy Tax (HOT) funds. The Texas Tax Code provides a set of rules that state how the revenue from the Hotel Occupancy Tax may be used only to directly enhance and promote tourism and the hotel and convention industry.

All entities that are approved for the utilization of Hotel Occupancy Tax (HOT) funds must submit a Post Event Form for each event. This report, as submitted, will be reviewed by the City of Bee Cave to determine compliance and will be used in consideration of future hotel occupancy tax funding requests.

Please return completed Post Event Report with attachments to:

Agenda Title: Discuss and consider action on Ordinance 498, an ordinance

amending Section 1.6.2 General Design Guidelines of the

Environmental Criteria Manual to include a runoff capture efficiency equation for best management practice (BMP) facilities in series.

Council Action: Discuss and consider

Department: Engineering

Staff Contact: Logan Maurer

1. INTRODUCTION/PURPOSE

To address an omission to the newly adopted Environmental Criteria Manual; the most recent adoption did not include the section related to removal efficiencies of water quality facilities designed in-series that existed in previous versions.

2. DESCRIPTION/JUSTIFICATION

a) Background

The previous TCSS manual referenced the City of Austin's Environmental Criteria Manual, which included a removal efficiency equation that only accounted for a 5% reduction in removal efficiency for each subsequent facility in-series. Staff is proposing to utilize the TCEQ's pollutant removal efficiency calculation developed by Dr. Michael Barrett, which is based on monitoring and testing of actual water quality facility installations. Dr. Barrett's findings show a 35% reduction in removal efficiency for the second facility in-series and a 75% reduction for the third facility in-series.

b) Issues and Analysis

This proposed equation deviation does not eliminate possible treatment options to achieve 90% removal efficiency, but instead may affect the sizing criteria for the proposed water quality facilities.

Ord. No. 498 Ordinance

ORDINANCE NO. 498

AN ORDINANCE OF THE CITY OF BEE CAVE, TEXAS, AMENDING SECTION 1.6.2 GENERAL DESIGN GUIDELINES OF THE CITY OF BEE CAVE ENVIRONMENTAL CRITERIA MANUAL TO INCLUDE A POLLUTANT REMOVAL EFFICIENCY SECTION FOR WATER QUALITY TREATMENT FACILITIES IN SERIES; AND PROVIDING FOR FINDINGS OF FACT, SEVERABILITY, REPEALER, EFFECTIVE DATE, AND PROPER NOTICE AND MEETING.

WHEREAS, the City Council of the City of Bee Cave ("City Council") on June 28, 2022, passed and approved Ordinance No. 465 adopting the Engineering Technical Manuals, which is comprised in part by the Environmental Criteria Manual, providing specifications and design standards for construction under the City of Bee Cave's Unified Development Code; and

WHEREAS, Ordinance No. 465 provides that the Engineering Technical Manuals may be amended from time to time by the City Council and each amended version shall be kept available for inspection and copying at the City's offices; and

WHEREAS, the City having adopted such an ordinance now wishes to amend Section 1.6.2 General Design Guidelines of the Environmental Criteria Manual to include a pollutant removal efficiency section for water quality treatment facilities in series; and

WHEREAS, the City Council of the City of Bee Cave is of the opinion this ordinance accomplishes such goals and is in the best interest of the City of Bee Cave;

NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BEE CAVE, TEXAS that:

SECTION ONE: LEGISLATIVE INTENT

<u>Findings of Fact</u>. All of the above premises are hereby found to be true and correct legislative and factual findings of the City Council and are hereby approved and incorporated into the body of this ordinance as if copied in their entirety.

SECTION TWO: AMENDMENTS TO SECTION 1.6.2, GENERAL DESIGN GUIDELINES, OF THE ENVIRONMENTAL CRITERIA MANUAL

A. Section 1.6.2 of the City of Bee Cave Environmental Criteria Manual, entitled General Design Guidelines, is hereby amended to include Subsection G to read as follows:

G. Water Quality Facilities In-Series. Facilities can be designed and constructed in-series to achieve the total TSS, TP, and O&G removal requirements of the City of Bee Cave using the guidelines in this subsection.

The efficiency of each subsequent water quality facility in-series is calculated to be less considering the pollutants that are most readily removed are captured within the first water quality facility. Therefore, the following equation shall be utilized individually for TSS, TP, and O&G based on the efficiency rating of the selected facility to calculate the total efficiency of the water quality facilities in-series:

$$E_{TOT} = [1 - ((1 - E_1) x (1 - 0.65E_2) x (1 - 0.25E_3))] x 100$$

Where:

 E_{TOT} = Total TSS, TP, or O&G removal efficiency of series (%)

 E_1 = Removal efficiency of first facility (decimal)

 E_2 = Removal efficiency of second facility (decimal)

 E_3 = Removal efficiency of third facility (decimal)

SECTION THREE: SEVERABILITY.

If any section, subsection, clause, phrase or provision of this Ordinance, or the application thereof to any person or circumstance, shall to any extent be held by a court of competent jurisdiction to be invalid, void or unconstitutional, the remaining sections, subsection, clauses, phrases and provisions of this Ordinance, or the application thereof to any person or circumstance, shall remain in full force and effect and shall in no way be affected, impaired or invalidated.

SECTION FOUR: EFFECTIVE DATE.

This Ordinance shall be and become effective immediately upon and after its passage and publication as provided by law.

SECTION FIVE: REPEALER

All ordinances or parts of ordinances in force when the provisions of this Ordinance becomes effective which are inconsistent or in conflict with the terms and provisions contained in this Ordinance are hereby repealed only to the extent of such conflict.

SECTION SIX: PROPER NOTICE AND MEETING

It is hereby officially found and determined that the meeting at which this Ordinance was adopted was open to the public and that public notice of the time, place and purpose of said

Department: Planning and Development

Staff Contact: E. Megan Will, Director of Planning & Development

1. INTRODUCTION/PURPOSE

To discuss and consider action on Resolution No. 2023-02 authorizing the City Manager to initiate the process to amend the Thoroughfare Plan included within the "Our Bee Cave 2037 Comprehensive Plan."

2. DESCRIPTION/JUSTIFICATION

a) Background

On January 25, 2023 City Council accepted the Feasibility Study Report for the Hamilton Pool Road Alternative Access Study and discussed changes to Thoroughfare Plan including removing access from the future Neighborhood Collector roadway to Cueva Drive in the vicinity of Avispa Way ("the Cueva Drive Connection"), adding a Neighborhood Collector roadway connecting Hamilton Pool Road to Great Divide Drive, and configuration of the intersection of Hamilton Pool Road and the new Neighborhood Collector roadways as depicted in Option 2 of the Feasibility Study Report.

b) Issues and Analysis

Per UDC Sec 1.1.19 City Council must pass a Resolution to authorize preparation of an amendment to the Comprehensive Plan, including the Thoroughfare Plan.

RESOLUTION 2023-02

A RESOLUTION OF THE BEE CAVE CITY COUNCIL AUTHORIZING THE PREPARTION OF AN AMENDMENT TO THE THOROUGHFARE PLAN INCLUDED WITHIN THE "OUR BEE CAVE 2037 COMPREHENSIVE PLAN"

WHEREAS, on January 25, 2023, the Bee Cave City Council accepted the Feasibility Study Report for the Hamilton Road Alternative Access Study; and

WHEREAS, the Feasibility Study Report for the Hamilton Road Alternative Access Study recommends the full build of the Southwest Collector and Hamilton Pool Road Extension to create a Neighborhood Collector roadway connecting Palermo Drive to Shops Parkway; and

WHEREAS, changes to the Thoroughfare Plan are necessary to implement the recommendations of the Feasibly Study Report; and

WHEREAS, these changes include adding a Neighborhood Collector roadway connecting Hamilton Pool Road to Great Divide Drive and configuration of the intersection of Hamilton Pool Road and the new Neighborhood Collector roadways as depicted in Option 2 of the Feasibility Study Report; and

WHEREAS, at the January 25, 2023, City Council meeting, Council also discussed access to the future Neighborhood Collector from Cueva Drive in the vicinity of Avispa Way and determined the connection, currently depicted in the Thoroughfare Plan, should be removed; and

WHEREAS, the Bee Cave Unified Development Code Section 1.1.19 requires that City Council must pass a Resolution to authorize city staff to initiate the process to amend the Comprehensive Plan, including an amendment to the Thoroughfare Plan.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF BEE CAVE, TEXAS THAT:

- 1. The above recitals are hereby found to be true and correct by the City Council of the City of Bee Cave and incorporated herein for all purposes.
- 2. The City Council of the City of Bee Cave hereby authorizes city staff to initiate the preparation of an amendment to the Thoroughfare Plan.
- 3. It is hereby officially found and determined that the meeting at which this resolution is passed is open to the public and that public notice of the time, place and purpose of said meeting was given as required by law.
